12th ,CBSE CGPA/Percentage: 91

•**Maa bharti Sr.Sec School** *2018*
10th ,CBSE CGPA/Percentage: 74

PERSONAL PROJECTS

•Dak Ghar Niryat Kendra ♥ Codes

Full-stack, HTML, Tailwind, React, Node.js, Stripe, MongoDB

- This project was developed for a hackathon organized by the Indian government, aiming to connect small vendors globally.
- A network of post offices was utilized for logistic support, resulting in a 40% reduction in delivery costs.
- To address reliability issues, a QR code generator containing the details of the seller and product was implemented.

•TODO WebApp ♥ Codes ♥ Deployed

Reactjs, Express, MongoDB, Nodejs

- Users can maintain their tasks.
- Implemented login/sign up using JWT Token for authentication.
- Users can prioritize their tasks by setting priority levels such as high, medium, low.
- Tools used: VS Code, MongoDB Atlas.

•Food Delivery Webapp ♥ Codes ♥ Deployed

Frontend Project, HTML, CSS, Tailwind, React

- Developed a frontend for a food delivery website in React, fully responsive.
- Customers have many options; they can order food, add it to cart, and proceed to payment.
- The website provides a user-friendly interface where customers can add food to their cart and place orders.

TECHNICAL SKILLS AND INTERESTS

Skills: Data structures and Algo , Full stack development
SoftSkills: Communication Skill,Team Work
Languages: Java , python ,OOPS , Javascript, HTML ,CSS
Developer Tools: VsCode , Intellij , AndroidStudio , PyCharm , Github
Frameworks: React.js , Node.js
Cloud/**Databases**: Mysql,Mongodb
Coursework: OOPS,Computer Architecture, DBMS , OperatingSystem , DataStructuresAlgo (DSA)

ACHIEVEMENTS

•**600+**Problems solved on LeetCode and gfg (LEETCODE -PROFILE) (GFG PROFILE)

•**Smart India Hackathon (SIH)** Selected in **Top 20** teams from College and Semifinalist.

•**AMAZON's HackOn Challenge** Qualified First Stage at National Level.

•**FlipKart Grid(Hackathon)** Qualified First Level at India Level.

•**IIT-JEE**Secured **6950** rank out of **1.2 million** students *2021*
